

IS-RH709 Series

9-port Rack Mount Fast Ethernet Managed Layer 2 Industrial Ethernet Switch with 1x 1G Uplink

The IS-RH709 Series are 9-port Rack Mount Fast Ethernet Managed Layer 2 Industrial Ethernet Switch with 1G Uplink that provide both copper and fiber connectivity according to field needs. These models reduce the response time for timing sensitive applications which may combine all video, voice, and data streams in the traffic flow. The Switches are especially good for those common application that doesn't required complicated software features. The IS-RH709 Series are suitable for all kinds of Industrial applications.
